

crowdwisdom®

The future of online learning.

Crowd Wisdom powers the world's most advanced professional education and development programs. Its flexible, award-winning LMS platform fosters engagement, distributes high-quality professional education and multiplies non-dues revenue.

Integrate with other technologies to increase member value

Deliver a personalized and enriched learner experience

Energize your educational program and cultivate quality content

Connect learners with clear career paths by creating a dynamic credentialing and certification system

Leverage the latest in online learning technology.

Centralized learning hub

Simplify administration for your team and provide a modern learning portal that advances your educational goals.

Personalized learning paths

Assemble and produce courses based on set objectives, competency goals or certification paths utilizing our powerful recommendation engine.

Assessment & testing

Simulate self-prep from basic to high-stakes testing to mock certification and licensure tests.

SSO and eCommerce integration

Seamlessly integrate with AMS, eCommerce, CRM systems and your career center for a unified learner experience.

B2B sales and support

Segment and resell content to other member and learner-based organizations with ease.

Content and authoring

Collaborate with us to construct quality content and robust learning programs.

12M+ ENROLLMENTS PER YEAR

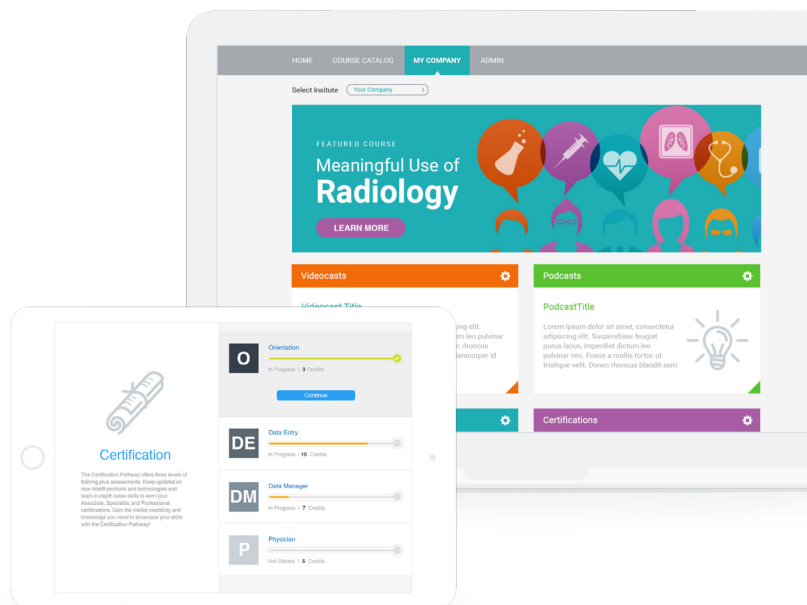

6M+ COURSE COMPLETIONS PER YEAR

1.6M+ CERTIFICATES PER YEAR

“It’s incredibly easy for us to track large numbers of learners. Nearly 7,000 drivers have taken courses using Crowd Wisdom, (...) helping companies save up to \$7 million annually.”

David Kestenbaum

Director – Certification for Sustainable Transportation
University of Vermont
